

Quick Snap 16[®]

High Performance Weather-Tight Protection

"The Go To Guys For Metal"

Architectural Sheetmetal Products "Quick Snap 16" 29 gauge Galvalume Panel is designed for maximum strength, weather-tight protection and faster application.

Ideal for Architectural, Commercial and Home Owner markets where price is a concern, but a metal panel system is recommended.

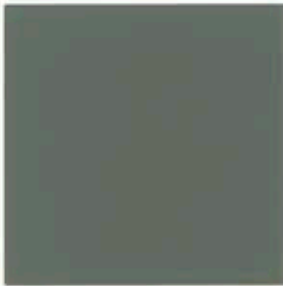

Key points to consider:

Colors shown represent the actual color as closely as possible. To ensure exact color for final approval, selection should be made from a 3"x5" metal chip available on request.

ASP Quick Snap 16[®]

29 Gauge Siliconized Polyester Finished Panel

“SEE THE DIFFERENCE”

For years Architects, Builders and the Home Owner have appreciated the beauty & durability of a metal roof system. When price was a concern, the only other alternative was a corrugated utility panel that was not resilient to time and weather damage.

Now, ASP'S "Quick Snap 16[®]" panel not only looks good, but also...makes the best investment for your dollar!

ASP QUICK SNAP 16[®]

- 29 Gauge Galvalume
- No Exposed Fasteners
- No Holes To Pre-Drill
- Flat Panel / Easier To Detail Roof
- Faster Application
- Narrower Panels / Easier To Handle
- Contemporary profile with anti-siphon feature for weatherproof seal

VERSUS CORRUGATED UTILITY PANEL

- Exposed Fasteners
- Awkward To Handle
- Slow Installation
- Penetrations In Panel (approximately 80 screws/holes per 100 square feet of roof coverage)
